EXPERIENCE

Zollege, Austin, TX — Chief Technology Officer

AUG 2019 - PRESENT **ACQUIRED 2019**

<https://zollege.com>

Managing technical infrastructure of 100+ vocational training schools across the US.

- Setting a vision for how technology will be used in the company.
- Ensuring that the technological resources meet the company's short and long-term needs.
- Outline the goals for research and development.
- Creating timelines for the development and deployment of all technological services.
- Making executive decisions on behalf of the company's technological requirements.
- Acting as a mentor to team members.
- Maintaining a consumer-focused outlook and aiding in the delivering of IT projects to market.
- Managing technology budgets and time frames.
- Staying on top of technology trends and developments.
- Ensuring all technology practices adhere to regulatory standards.

Austin Coding Academy, Austin, TX — Co-founder + Chief Technology Officer + Senior Software Engineer

AUG 2015 - PRESENT **ACQUIRED 2019 by Zollege**

<https://austincodingacademy.com>

In charge of all things technical, authored curriculums, and taught web development courses to adult learners.

- Responsible for entire company software infrastructure
- Created, maintained, and led interns and contributors on Campus Manager, our custom Learning Management System built with Node.js/Express.js/MongoDB/React.js/Backbone.js
- Authored curriculums on HTML, CSS, JavaScript, Backbone.js, React.js, Node.js, Express.js, MongoDB
- Developed student workbooks with CI integration for linting
- Built reporting infrastructure that combined data from multiple sources: Payments, CRM, LMS, etc.
- Implemented automation for web hooks, status checks, user events, reports, deployments, tests, etc.
- Implementing/analyzing tracking services such as Google Analytics/Tag Manager, Facebook Pixel, click heatmaps, etc
- Search Engine Optimization

A life-learner and new technology enthusiast, I work hard at the things I love: programming, teaching, and learning.
